DIGITAL VIDEO PRODUCTION

There is no denying the widespread influence of film in modern society. With this event participants can demonstate mastery of this powerful tool.

Note: The video production may be animated.

It is strongly suggested that participants demonstrate both an understanding of video editing of live shots as well as an understanding of animation.

OVERVIEW

Participants have the opportunity to use digital video skills, tools, and processes to communicate, entertain, inform, analyze, or illustrate the given year's theme. An extremely powerful and ubiquitous medium, video technology has great potential, strengths, and limitations that should be understood by all.

Participants develop a public service announcement and a digital video (with sound) that focuses on the given year's theme, which will be posted on the TSA website under Competitions/Themes and Problems.

ELIGIBILITY

Participants are limited to three (3) teams per state; an individual may participate solo in this team event.

TIME LIMITS

- A. Entries must be started and completed during the current school
- B. The public service announcement should not exceed thirty (30) seconds in length. If it is over thirty (30) seconds, a rules violation will be assessed.
- C. The video should not exceed three (3) minutes in length. If it is over three (3) minutes, a time violation of five (5) points will be assessed. Time starts with the first image or sound and continues until the last sound or image ends.
- D. Semifinalists will participate in a LEAP interview that will last a maximum of five (5) minutes.

LEAP LEADERSHIP RESUME/INTERVIEW

A Team LEAP Leadership Resume is required for this event and must be submitted at event check-in. Semifinalists will respond to interview questions related to their submitted LEAP Resume for a maximum of five (5) minutes. A team competing in this event will use the Team LEAP Leadership Resume template; an

individual competing in this event will use the Individual LEAP Leadership Resume template.

ATTIRE

Competition attire, as described in the National TSA Dress Code section of this guide, is required for this event.

PROCEDURE

- A. Participants check in their entries and submit a LEAP Leadership Resume at the time and place stated in the conference program.
- B. Entries are reviewed by evaluators. Neither students nor advisors are present at this time.
- C. Semifinalists will be determined and posted by the CRC.
- D. Semifinalist teams will report at the time and place stated in the conference program to sign up for a semifinalist LEAP interview.
- E. The LEAP interview will last a maximum of five (5) minutes.
- F. Ten (10) finalists are announced at the awards ceremony.

It is essential that students and advisors routinely check the TSA website (www.tsaweb.org) for updated information about TSA general rules and competitive events. This information is found on the website under Competitions/Updates. When students participate in any TSA competitive event, they are responsible for knowing of updates, changes, or clarification related to that event.

REGULATIONS

- A. Videos must be submitted on a DVD, playable from a standalone DVD player.
- B. The public service announcement should not exceed thirty (30) seconds in length. If it exceeds thirty (30) seconds, a rules violation will be assessed.
- C. The video should not exceed three (3) minutes in length. If it exceeds three (3) minutes, a time violation will be assessed.
- D. All entries become the property of TSA, Inc. and will not be returned after judging.
- E. Entries may be an individual or team project.
- F. All video footage must be the original work of the team and must have been completed within the current school year.

Read the General Rules and Regulations section in the front of this guide for information that applies to all of TSA's competitive events. For this event, especially note the rule about original work and the use of materials from other sources.

- G. All ideas, text, images, and sound from other sources must be properly cited. If copyrighted material is used, proper written permission must be included. NOTE: The video production product will not be judged if copyright procedures are not followed.
- H. The DVD and documentation are turned in to the event coordinator. Documentation materials (comprising "a portfolio") are required and should be placed and secured in a clear front report cover. The report cover must include the following singlesided, 8 ½" x 11" pages, in this order:
 - 1. Title page with the event title, the title of the video, the conference city and state, and the year; one (1) page
 - 2. Table of contents; pages as needed

The LEAP Leadership Resume/Interview guidelines and other resources can be found on the TSA website. A team competing in this event will use the Team LEAP Leadership Resume template; an individual competing in this event will use the Individual LEAP Leadership Resume template.

EVALUATION

Evaluation is based on the video footage and on the accompanying documentation. The LEAP requirements will also be evaluated. Depending on the stated purpose, videos are judged on story concept, artistic and/or social value, audio and camera techniques, transitions and pace, as well as technical attributes, creativity and organization, and the overall effect. Portfolios should be complete, well-written, and professional in organization and appearance. They should include a storyboard and a narrative of the project planning and organization process. 	Video Proc	luction (70 points)	
ODITEDIA	Minimal performance	Adequate performance	Exemplary performance
CRITERIA	1-4 points	5-8 points	9-10 points
Video (X1)	The video shots have obvious problems with focus, steadiness, and framing.	The video shots are clearly focused and framed, but there is limited use of close-ups.	The video is enhanced by steady, creative shots; and it incorporates excellent use of close-ups.
Audio (X1)	The audio quality is poor, a result of primary use of the on-camera microphone for recording.	The audio is clear, with good levels, and reflects the correct use of microphones and audio techniques.	The audio quality is excellent, with use of additional audio clips/cues that enhance the video production.
Lighting (X1)	The video reflects poor ambient lighting choices and/or the use of heavy back-lighting.	The video reflects adequate lighting on subjects and the proper use of lighting techniques.	The video reflects an excellent and creative use of lighting, which propels the story emotionally.

	Video Production	(70 points) (continued)	
Continuity and pacing (X1)	The sequencing is confusing or incomprehensible; shots are left on too long, and edit points/ transitions are "glitchy."	The pace and timing are well structured; the shots move along, helping to tell the story, and there is moderate use of transitions.	The shots are logically paced and move the story along in an interesting way, with excellent and purposeful use of transitions.
Creativity and originality (X1)	There is little original thought or creativity in the design and production, resulting in what appears to be a simple piecing of events together.	The video reflects original thought and creative elements that are effectively expressed and highlighted.	Originality and creativity are at the forefront of the video, with thematic elements incorporated in a highly authentic way.
Video effectiveness (X2)	The work does not meet the project goals, has an unclear message, and reflects sloppy work.	The topic is presented with some insight, and the video meets most project goals.	The video is focused, with a clear message and a rich variety of supporting material.
